Flamenco Agency is a platform for the promotion and diffusion of artists, shows and knowledge on the art of flamenco at an international level. Based in Seville, where Flamenco was born, Flamenco Agency was founded in 2007 by Dr. Jaime Trancoso.

We specialise in the distribution of the best flamenco ballets in Spain, such as the Andalusian Flamenco Ballet, Granada Flamenco Ballet and Barcelona Flamenco Ballet.

Flamenco Agency has been programmed in important festivals around the world, such as Gent Festival of Flanders, Bangkok's International Festival of Music and Dance, and Segovia Festival. We also collaborate with theatres and opera houses, such as the National Center for the Performing Arts (NCPA) in Beijing, the Royal Opera House Muscat (ROHM), and the Teatro Campoamor in Oviedo.

An exciting and innovative new show inspired by the city of Granada, the poetry of Federico García Lorca, the music of Manuel de Falla and the gypsy Zambra.

It is based on the combined sensations music and dance can evoke, as opposed to the formality of traditional stories.

## Carmen

An adaptation of Georges Bizet's classic and world-famous opera of the same name which was first performed in 1876, where its transgression of social conventions shocked and scandalised early audiences.

The company's interpretation remains faithful to the original work in a variety of aspects, although it introduces a fresh new approach which is enthralling and emotional for the audience. Carefully choreographed and beautifully staged making it one of the most remarkable productions seen in years.

This show has it all; from passion to scandal and unprecedented excitement. In addition to Barcelona Flamenco Ballet's profoundly innovative combination of traditional and contemporary flamenco dance.

It takes us into a world of suspense, intrigue, complex power dynamics, love, loyalty, and tragedy, among a wide range of other emotions and sensations interspersed, all characteristics of Spain as a nation and Spanish identity. In this way, Barcelona Flamenco Ballet is not just a dance performance – but a work of art.

For the first time ever, one of Shakespeare's most iconic tragic plays is being turned into a Flamenco production. *Hamlet* is a tale of family, revenge, power and murder - and it is these aspects that make the story perfect for a Flamenco adaptation with their intensity and passion.

Not only the flamenco dance but also the local choir collaboration makes this production an all-encompassing whirlwind of intrigue, mystery and tragedy.

## Carmen with Orchestra

This fusion of symphonic music, soloists, choir and flamenco dance is an opportunity to create a truly creative and unique programme: the grandeur and popularity of the most performed opera in history with the splendour and passion of the best flamenco from Andalusia.

Your local orchestra and choir's artistic directors can select their favourite *arias* and popular pieces from Bizet's masterpiece or other Spanish music, and the flamenco ballet will choreograph as many numbers as you please. It is also possible to add a musical piece with the flamenco guitar.
